STATE OF WISCONSIN  
BEFORE THE MEDICAL EXAMINING BOARD

---

IN THE MATTER OF  
DISCIPLINARY PROCEEDINGS AGAINST

JUDITH A. MAY, M.D.,

Respondent

---

ORDER GRANTING THE STAY AND MODIFYING CONDITIONS

---

On May 22, 1996, the Medical Examining Board issued its Final Decision and Order in the above-captioned matter. By the terms of the board's order, respondent's license to practice medicine and surgery in Wisconsin was suspended for a period of not less than five years with provision for granting successive three-month stays of the suspension upon submission to the board of a complete psychiatric and psychological evaluation establishing that Dr. May is able to practice medicine with requisite skill and safety to patients and the public.

At its meeting of October 24, 1996, the board considered a request by Dr. May for a stay of the suspension of her license. In support of the request, Dr. May submitted a Neuropsychology Report and Independent Medical Evaluation conducted at Milwaukee Psychiatric Hospital by Michael L Kula, Ph.D., and Herbert White, M.D. The board granted the stay by its Order dated November 5, 1996.

By letter dated January 13, 1997, Dr. May petitioned for a further three month stay of the suspension. The board considered the petition at its meeting of February 26, 1997, and extended the stay by its Order dated March 12, 1997.

By letter dated April 21, 1997, Dr. May again requested a further three month stay of the suspension. The board considered the matter at its meeting of May 22, 1997, and orders as follows:

ORDER

NOW, THEREFORE, IT IS ORDERED that the suspension of the license of Judith A. May, M.D., be, and hereby is, stayed for a further period of three months. Dr. May may petition for additional three month stays of the suspension upon submission to the board of evidence of having fully complied with the conditions and limitations set forth in the board's Final Decision and Order dated May 22, 1996, during the preceding three month period.

IT IS FURTHER ORDERED that the number of required urine screens be reduced from two to one per week, and that paragraph number 9 of the board's Order, as set forth in the Final Decision and Order in this matter dated May 22, 1996, is therefore modified to read as follows:

9. Respondent shall supply on at least a once-weekly basis random monitored urine, blood or hair specimens as the supervising health care provider shall direct. The supervising health care provider (or his or her designee) shall request the specimens from respondent and these requests shall be random with respect to the hour of the day and the day of the week. In addition, the Medical Examining Board or its designee may at any time request a random monitored urine, blood or hair specimen from respondent by directing the department monitor in the Department of Regulation and Licensing, Division of Enforcement to contact respondent and request respondent provide a specimen. To prevent the respondent's ability to predict that no further screens will be required for a given period (because the minimum frequency for that period has been met), the program of monitoring shall require respondent to provide in each quarter at least two (2) random screening in excess of the minimum specified in this Order.

Dated this 5<sup>th</sup> day of June 1997.
